MEMORANDUM FOR ALL PRD OFFICERS

SUBJECT: Reactions to RONI

1. We have begun to receive comments on the RONI, both oral and written, from a variety of sources. Because of the importance of these reactions to the future of RONI and also to ensure that all members of the Division are kept informed, please prepare memoranda for the record on all such oral comments and circulate them through the Division.

2. As soon as we have received a significant body of opinion on the RONI, we will want to summarize it for the benefit of Gen. Wilson and the DCI.
